

Bi-Weekly Update  
July 2024 #9

## New Name, New Chapter

**FIRST NATIONS**  
COMMUNITY FINANCIAL

Is now...

First Nations Community Financial announced a name change to Cedar Growth during our annual golf outing last week, a designation and brand more reflective to the mission of the business. The word Cedar also serves as an acronym - Community, Education, Development, Accountability, Resources.

"I am excited about this next chapter of our business for our current and future clients, and our team" said Becky Albert-Breed, Executive Director. "The Cedar Growth name and logo represents our heightened focus regarding financial education, growth, and unique financial services to Native American communities."

Our services, and products will continue as usual, however new loan programs and a stronger level of education sessions will be introduced in the near future. Our Cedar Growth transition will be rolled out in terms of a new website, building signage, and every client touch point will be updated soon. Stay tuned for exciting things from us!

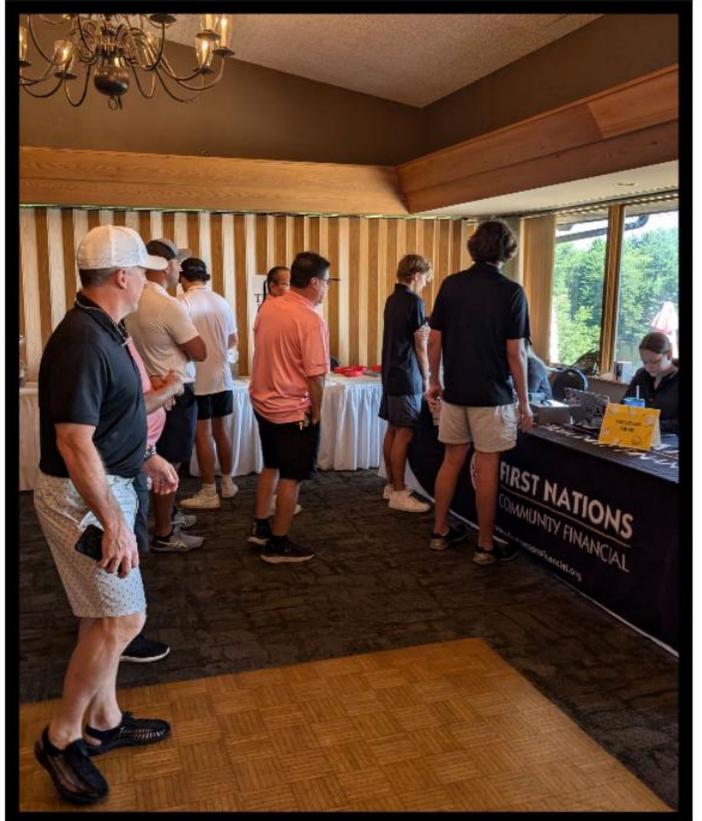

# 3rd Annual Golf Outing

We are grateful for a beautiful day and amazing turnout last week at the beautiful Bullseye golf course in Wisconsin Rapids!

Much appreciation to the sponsors, Board members, and youth golfers who participated. Your support means the world to us, we hope everyone enjoyed this fundraiser where 100% of proceeds go back towards supporting events in communities we serve.

Keep an eye out for our next outing in 2025, we will announce a date and location soon!
